

Home Learning Autumn 2

Year 1

English – Writing/ SPAG (Core)

The children in Year 1 will bring home a set of common expectation words (tricky words) that they will need to learn to read and then write. Staff in school will assess your child's confidence with these and when they are ready they will receive the next set of words. Please encourage your child to use these words in sentences when they are speaking. The children will bring home a weekly hand writing sheet to complete too.

English – Reading (Core)

The children in Year 1 will always have a reading book to bring home that is matched carefully to their learning in phonics. Your child should be reading at least 3 times a week, please record this reading in their reading record. Books will be changed on a Monday but we expect your child's book bag to be brought in every day.

Mathematics (Core)

The children in Year 1 will bring home a weekly maths task to complete. The task is aimed to build your child's confidence in basic number work.

Please also encourage your child to work on their number bonds to 5 e.g. $1+4=5$ $2+3=5$ and then to 10 e.g. $1+9=10$ $2+8=10$. Can they also practise counting forwards and backwards too?

Science

The children in Year 1 will be learning about 'Seasonal Changes'. We will learn about the seasons including changes in the weather. Take your child on an Autumn walk and see if they can spot any signs of Autumn. They could make a collage or picture using Autumn leaves or colours.

Values

The children in Year 1 will be exploring the value of **Peace**.

Please spend some time at home with your child exploring this question and unpick what it means to them.

History or Geography

Art

The children in Year 1 will be exploring the work of Georgia O'Keefe and then creating their own masterpieces. They will be printing and colour mixing whilst thinking about Autumn colours. Please try to show your child some of her work and talk about what they can notice. They could then try to recreate some of her work too.

- **You must complete** all the core activities above (Mathematics and English).
- The other suggested home learning activities are optional.
- We would love to see some of the projects that you have worked on at home when you have completed them! Either bring your project to school to show your class or pop a photo of it on Class Dojo.

Life Skills

In year 1 we are working on:

- To practice writing our names.
- To practice letter formation.
- To practice number formation.
